

🌟 Empowering the Next Generation of Innovators!

On **Tuesday, July 29th**, from **1:30–3:30 PM**, **Aurora BayCare Medical Center** is proud to partner with the **YWCA** to host an exciting **Tech GYRLS** event—a dynamic, hands-on experience designed for girls ages **8–18**.

This free event is all about **STEAM**—Science, Technology, Engineering, Arts, and Math—and is especially focused on empowering girls from underrepresented communities to explore and pursue careers in these fields.

🌟 What to Expect:

- Get up close with a **surgical robot** 🤖
- Try your hand at **suture stations** 🧵
- Dive into fun **math activities** ➗
- Enjoy a creative **journal activity** and **delicious snacks** 🍪

Led by inspiring women in STEAM industries, these field visits are designed to spark curiosity and confidence through interactive learning.

Important Info:

- Girls ages **8–15** must be accompanied by an adult.
- The event is **completely free** to attend!
- This is a fantastic opportunity for our female providers to inspire and mentor the next generation of scientists, engineers, artists, and innovators. We'd love to have your group join us!
- 🤖 See the robot in action from past events: [Tech Gyrls](#)
