Pharmacy Technician

Medical Office

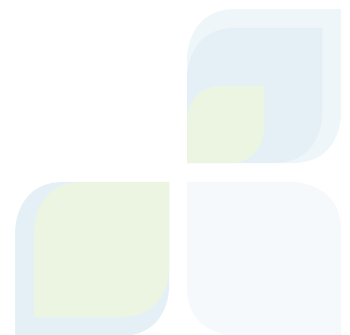

Ambulatory/ Support Services - *please check the specific services you are interested in for this pathway*

dietary imaging laboratory optician physical therapy

Job shadows: It is not required that you complete a job shadow to be accepted into this program however it would definitely help show your level of commit to entering the health services apprenticeship program.

Related coursework or trainings: Please list any science, math or health courses that you have completed or are currently taking and please give an example of a concept you learned that would help you in the healthcare field. Also list any training, certifications or work experience you have that has allowed you to develop skills that are important in health services.

**Once accepted into the program (or if you wanted to do so ahead of time) all CNA students will sign up for the NWTC nursing program directly. The program carries a lifetime fee of \$30 which is not paid for by the Greater Green Bay Chamber or the students' school district. If you want to read the requirements please follow the link and complete steps 1-3. <http://bit.ly/2BWYBVO> All questions regarding NWTC nursing registration should be directed to NWTC admissions.*
