“The field of audiology is very personal for me as I was diagnosed with hearing loss at a young age,” said Cassandra. “This allows me to relate to my patients and their families on a different level and provide them comfort during this process. Hearing loss impacts each person differently and my goal as an audiologist is to listen and provide the best accommodations for the patient.”

Cassandra completed a Doctor of Audiology (AuD) degree at Northern Illinois University and holds a Certificate of Clinical Competence in Audiology (CCC-A) from the American Speech-Language-Hearing Association. Appointments with Cassandra can be made by calling (920) 405-1414.
