Orthopedic & Sports Medicine Specialists Breaks Ground on Expansion

**Groundbreaking Ceremony to be Held Tuesday, October 9th at 10:00am**

**Green Bay, WI (October 2, 2018)** – Orthopedic & Sports Medicine Specialists (OSMS), a doctor-owned orthopedic, sports medicine, and rheumatology practice, will be holding an expansion and groundbreaking ceremony on Tuesday, October 9th at 10:00 a.m. at its clinic in Green Bay located at 2223 Lime Kiln Road.

Key areas of the over 13,000 square foot expansion include:

- Two new operating rooms in the surgery center
- Three additional overnight stay rooms
- Ten additional orthopedic patient exam rooms
- One additional procedure room
- Three additional cast rooms
- Radiology and lab areas expansion

This expansion is the outgrowth of the continued focus on orthopedic surgery moving from an inpatient to outpatient setting. The project will begin in October of this year and is scheduled to be completed by the end of September in 2019.

“This is an exciting time for our doctor-owned practice,” said Sandy Fragale, CEO of OSMS. “Being the only outpatient orthopedic surgery center in the greater Green Bay area, we are able to provide a higher quality of orthopedic care at a lower cost to our patients. This expansion showcases the community’s demand for our services.”

Growth is something familiar to OSMS. In 2010 when its Green Bay clinic opened, OSMS employed 85 people. Today, OSMS has grown to nearly 130 employees. This expansion showcases OSMS’s commitment to future growth in Green Bay.

The groundbreaking ceremony will feature Dr. Steven Schechinger, co-owner and orthopedic surgeon at OSMS, Laurie Radke, president of the Greater Green Bay Chamber, and Bellevue Village President Steve Soukup, as well as other company representatives, business leaders, and the general contractor.

###
About Orthopedic & Sports Medicine Specialists (OSMS)
OSMS is a physician-owned orthopedic and rheumatologic group with clinics in Green Bay and Appleton and offices throughout northeast Wisconsin and Upper Michigan. Services at OSMS include hip, knee, and shoulder care; hand and wrist care; foot and ankle care; sports medicine; work-related injuries; fracture care; and rheumatologic care. OSMS partnered with Bellin Health to offer in-house outpatient surgery at the Bellin Orthopedic Surgery Center, located inside the Green Bay OSMS building. OSMS also offers MRI, lab services, infusion therapy, and bone density screening. Please visit [www.osmsgb.com](http://www.osmsgb.com) for more information.
