St. Gianna Clinic Receives 2018 Guardian of Excellence Award®
A Press Ganey award for excellence in patient experience

Green Bay – St. Gianna Clinic is pleased to announce that for a second consecutive year, it is the recipient of the “Guardian of Excellence Award®” from Press Ganey for achieving and sustaining excellence in patient experience.

Press Ganey is a third-party organization that partners with more than 33,000 health care organizations across the country to help them transform and enhance the care and service they provide to patients. The Guardian of Excellence Award is a nationally-recognized symbol of achievement in health care.

“We are honored to receive this award because it is a true testament to the exceptional care that our physicians, Dr. Scott Stillwell and Dr. Melissa Weidert, as well as our staff provide each and every day,” said Dr. Robin Goldsmith, co-founder of St. Gianna Clinic.

St. Gianna Clinic delivers high-quality, faithfully Catholic medical care from conception to natural death. Dr. Scott Stillwell is the clinic’s family physician and provides care to people of all ages. Dr. Melissa Weidert is an obstetrician/gynecologist who provides women’s care, fertility care, natural family planning and medical and surgical NaProTECHNOLOGY.

“We are proud to partner with the St. Gianna Clinic to support their mission to provide safe, high-quality, patient-centered care,” said Patrick T. Ryan, CEO of Press Ganey. “They are truly dedicated to delivering exceptional care in the Green Bay community, and their commitment to capturing and acting on patient experience feedback is a very powerful demonstration of this.”
