The New Year has been off to a great start at The Farmory! We continue to give tours and talks with local community groups. Most recently, we have given tours to representatives of the Oneida Nation, a local group called Mastermind, and interested neighbors in the community. Additionally, we were able to host a team-building activity for Cub Scouts Pack 4094 (see photos).
We are excited to announce that The Farmory is sponsoring three of our volunteers, Paul Ladd, Ceci Kiefer, and Jeff Carels, to attend the "Greenhouse Growers" Seminar at the UW Extension. We look forward to hearing what they learn and how it can help improve operations of the Farmory growing system.
