FOR IMMEDIATE RELEASE

Paper Transport, Inc. Announces the Addition of Great Northern Corporation’s Freight Business

De Pere, Wis. (Feb. 5, 2019) – De Pere-based employer and for-hire truckload carrier Paper Transport, Inc. (PTI) is pleased to announce that it’s now the primary dedicated carrier transporting freight for Great Northern Corporation, Inc. (GNC).

With this new acquisition, PTI’s driving fleet will grow to over 800 professional drivers and it will see an increase in business by 10% in the first quarter.

“We’ve grown our business nationally, but it still feels better when we get to work with Wisconsin-based companies like GNC located in the Fox Valley,” states Jeff Shefchik, PTI President. “This type of work is exciting because it offers local, home daily driving opportunities for our drivers in great working environment.”

PTI will expand its operations to cover GNC’s manufacturing facilities in Brooklyn Park, Min.; Chippewa Falls, Wis.; Racine, Wis.; and Neenah, Wis. GNC designs, manufactures and distributes packaging solutions and point-of-sale display programs for industrial, commercial and retail products.

“As we’ve worked with GNC in the lead up to the transition of transporting their products, we’ve learned that their company culture matches our company culture,” explains Shefchik. “I look forward to a long relationship with them.”

Founded 29 years ago in Green Bay, Wis., PTI is listed in the Commercial Carrier Journal’s Top 150 Carriers, as a for-hire, dry-van trucking company, competing with over 500,000 trucking companies in the U.S. The company focuses on regional truckload, dedicated truckload, and intermodal services with multiple locations throughout the Midwest, Southeast and Southern U.S. Of its 963 employees, 444 are employed in Wisconsin.

The PTI team can be reached at 800-317-3650, info@papertransport.com, or www.papertransport.com.
