GREEN BAY, WI – Greater Green Bay Habitat for Humanity future homeowner, Sara Christiansen, has been breaking records from the start of her Habitat journey. On Thursday, September 12 at 5:30 p.m. (906 Waverly Place, Green Bay), her hard work will be honored at her home’s dedication.

In September 2018, Sara was part of a record-breaking crowd at our homeownership program informational meeting – 130 households. In October 2018, she was part of a record-breaking 50 applicants who completed their applications.

In January of this year, she and her two daughters, Maleah and Miya, were one of eight deserving families that was welcomed into our homeownership program. Once a homebuyer is accepted into the program, they must complete 50 hours of sweat equity to secure their spot on the lot selection waiting list. Again, Sara broke this record, completing her hours in just two weeks!

Despite Sara’s home dedication approaching, she’s not done. As a single homebuyer, she was required to complete 250 hours of sweat equity by building Habitat homes (including her own), assisting at Habitat events, and volunteering at the ReStore. By August 30, she had completed 264.26 hours. In addition, her friends, family, and co-workers have provided an additional 329.43 hours on her behalf! Her employer, EMT International, even participated in two build days.

“I have always wanted to provide my children with a home that was truly ours,” said Sara. “Being able to let them play in a yard and ride their bikes would be a dream come true to them. Providing them with a home means that I will able to provide them with a place that we can make our own, somewhere to make memories and build traditions, a place that we can be proud of because we helped build it.”

This is the 116th home Habitat has built and sold to a qualified homebuyer in Brown County. Homeowners have a zero-interest and affordable mortgage that is made possible through generous donations of money, materials, and volunteer labor.

A special thank you to the major sponsor on this home, Denmark State Bank. Join us and witness the positive impact of Habitat for Humanity homeownership in our community. For more information about Habitat, visit our website www.greenbayhabitat.org.
Greater Green Bay Habitat for Humanity
Founded in 1987, Greater Green Bay Habitat for Humanity is part of a global nonprofit housing organization that seeks to put God’s love into action by building homes, communities, and hope. Habitat for Humanity is dedicated to eliminating substandard housing in Brown County, Wisconsin, by constructing homes for qualified homebuyers to help families improve their lives. Greater Green Bay Habitat for Humanity is one of 37 Habitat for Humanity affiliates in Wisconsin. The Greater Green Bay affiliate operates the local Habitat for Humanity ReStore, where all proceeds from the sale of donated building materials, furniture, appliances, and more stay in the community to help build strength, stability, and self-reliance through housing for low-to moderate-income families.
