BayCare Clinic names five new physician partners

GREEN BAY – Five medical experts at BayCare Clinic have been named partners with the Green Bay-based organization.

Earning partnership gives the medical experts shared ownership in the joint venture hospital Aurora BayCare Medical Center, a greater voice in determining how resources within BayCare Clinic are allocated, and ultimately, greater input as to how the organization’s patients experience healthcare.

The new physician partners are:

- Dr. Jared Boyd, anesthesia
- Dr. Christopher Keto, urological surgery
- Dr. Brandon Newell, oral and maxillofacial surgery
- Dr. Armaan Shaikh, cardiology
- Dr. Robert Zemple, emergency medicine

There are 102 physician partners at BayCare Clinic.
