The American Cancer Society (ACS) is the only organization fighting cancer on every front. Funds raised from our events allow the ACS to attack cancer in dozens of ways, each of them critical to achieving a world without cancer – from developing breakthrough therapies and innovative research, to building supportive communities that come together to help those affected by cancer with access to treatment. The ACS provides empowering resources to deploying activists to raise awareness and develop game-changing approaches to address the cancer burden for all people.

The success of this event is not possible without the generous contributions of our local businesses. If you, or your business, are interested in learning more about sponsorship opportunities, please contact Heather today at 920-321-1370 or heather.krawinkel@cancer.org
